

**PRIMER - ULTRA BONDER**

Additional Information

Description:

Ultra Bonder is the best bonder ever launched by HN Hit Nails, an evolution compared to previous ones.

It works like “a double-sided adhesive tape” that adheres to the nail while preparing it for the next product to be applied.

It is slightly thicker than the regular Bonder and offers additional benefits with the inclusion of vitamins D and E.

It is much safer for natural nails than acid primers, without sacrificing performance.

Ultra Bonder has low odor and does not burn natural nails or cuticles.

Works perfectly with most gels and acrylics.

It has a fast air-drying time of about 20 seconds.

Risks and Precautions:

For professional use only.

Avoid contact with skin and eyes.

Discontinue use if irritation occurs.

In case of contact with eyes, rinse thoroughly with water.

Keep out of reach of children.

Directions for Use: Buff the nail to remove excess oil. Apply the primer in a thin layer over the entire nail. Let dry for 30 seconds.

Note: The product is sensitive to UV radiation. Do not expose to sunlight or UV light.

Ingredients: Isopropylidenediphenyl bisoxyhydroxypropyl methacrylate, HEMA, Ethyl acetate, Tocopherol, Panthenol, p-Hydroxyanisole, Hydroquinone.

Capacity: 10ml
